EMPLOYEE OF THE MONTH Bailey Bowers

Congratulations to our Employee of the Month, Bailey! Bailey is an asset to our Food & Beverage team and is always willing to go the extra mile to help with whatever is needed. Thank you for all you do, Bailey!

On the Course...

Scott Palmer Golf Course Superintendent

This month we will complete applications on putting surfaces for winter annuals and spring dead spot control. Ongoing will be pre-emerge applications to teeing grounds, fairways, and roughs. Heights will be raised slightly and mowing will be less frequent but rolling will increase. Debris removal from playing areas will be an ongoing daily routine.

As we make our transition from actively growing Bermuda grass to semi dormant Bermuda, ball mark repair and divot repair becomes very important. Bermuda grass regenerates from stolons and rhizomes, during winter this growth is slowed significantly and in late winter can stop completely. So, the golfer must be even more attentive to these damaged areas.
