A word from our Pro..

LACEY FEARS, PGA

Head Golf Professional

Dear Members,

I recently came across an intriguing discussion shared by a friend. Here are some key points to enhance our pace of play and golfing experience specifically for cart riders:

1. Park your golf cart at the back of the green to avoid walking towards the group behind.
2. Drop off your cart partner at their ball so they can hit their shot while the other golfer searches for their ball.
3. Once you have played your shot, start walking towards the cart to expedite regrouping.
4. If a player is within 60 yards of the green, drop them off with a wedge and putter, while the other player parks the cart at the back of the green.

HONORABLE MENTIONS

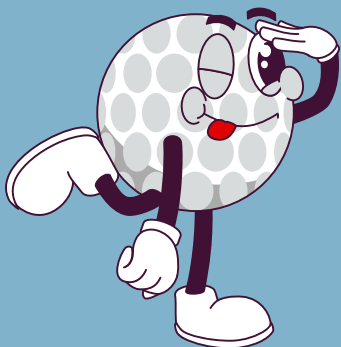

On the Course...

SCOTT PALMER Golf Course Superintendent

Aerification will be continued on the 5th-6th to the putting surfaces. Again, using small tines to help with play and speed of recovery. This will be followed by a heavy topdressing and a round of foliar nutrients. Rainfall has been scarce, and our irrigation system is at capacity. We supplement by hand watering and wetting agents. Normal maintenance will be continued.
