## Member Spotlight: Jeanne's Adventure of a Lifetime

On January 1st, 2025, Jeanne Follett set out on an incredible journey, beginning a hike from Alabama to Maine along the Appalachian Trail. With over 2,600 miles ahead of her, Jeanne plans to spend the next 7-8 months immersed in nature and adventure. She's documenting every step of the way on her YouTube channel, Hiking with Fancy Pants & Curious George, so be sure to follow along! We're all cheering for Jeanne and can't wait to hear the amazing stories she'll gather along the trail. Safe travels, Jeanne!

### LACEY FEARS, PGA, LPGA Head Golf Professional

Members,

I want to share my gratitude with you all for being so supportive and welcoming to junior golfers at our club! It's allowed us to reach hundreds of kids across all of our programs. It is now high school golf season and we have 4 high schools that call HLCC home: Perry High School, Veterans High School, Houston County High School & Westfield School. This means the practice area may look a bit busier between 3:15-4:30 during the week. We have done our best to strategically schedule each school in a way that minimally disrupts member play. To avoid any confusion, we recommend calling ahead and making a tee time after 3:00. I'd like to encourage you to get to know the players and coaches if you are able as we have some really talented junior players. While some courses have gotten less and less friendly to new players and junior players, I am proud to say HLCC never waivers in our mission to grow the game of golf.

JEFF  
GAMMONS

Jeff is the Assistant Golf Course Superintendent here at HLCC and has been a crucial contributor to the golf course maintenance team. Jeff came from Silverthorn Country Club in Spring Hill, FL and joined the staff at the end of Fall last year, bringing with him tons of experience and knowledge from past jobs in golf course construction and maintenance. Be sure to stop and say hello and thank you if you see him out on the course!

# GOLF COURSE SUPERINTENDENT **JAY HARRELSON**

This month we will be seeing our coldest temperatures of winter which will result in continued frost/weather delays in the mornings. High temperatures will rarely get above 55 degrees during the daytimes and delay the thawing of ground frost even longer. Please continue to be mindful of your ball marks on greens and divot repairs with minimal plant growth and mowing. We will be finishing our winter pruning, mulching and clean up, as well as preparing for the approaching spring season. Post emergent herbicide application will begin to help control winter weeds, as well as regular fungicide application on greens. Keep a lookout for new minor improvements/upgrades to the golf course in the coming weeks and stay warm!
